# Chiemelie Ekezie

Backend Development | Cloud Computing enthusiast | Python | Java | WordPress Developer  
Lagos State, Nigeria

## Summary

Web Developer with 4+ years of experience building and deploying websites for nonprofits, startups, and growing businesses. Currently freelancing with multiple companies, delivering custom websites and e-commerce solutions that help businesses establish an online presence and sell web-based products. Recently earned the AWS Certified Solutions Architect (SAA-C03), strengthening my ability to design scalable, secure, and cloud-ready solutions. Open to new opportunities and collaborations.
