Chiemelie Ekezie

Backend Development | Cloud Computing enthusiast | Python | Java
| WordPress Developer
Lagos State, Nigeria

Summary

Web Developer with 4+ years of experience building and deploying
websites for nonprofits, startups, and growing businesses. Currently
freelancing with multiple companies, delivering custom websites
and e-commerce solutions that help businesses establish an online
presence and sell web-based products.Recently earned the AWS
Certified Solutions Architect (SAA-C03), strengthening my ability to
design scalable, secure, and cloud-ready solutions. Open to new
opportunities and collaborations.
