EKEZIE CHIEMELIE ISAAC

Full-Stack Software Engineer & Digital Infrastructure Specialist

📍 Abuja / Lagos, Nigeria 📧 ekezie.chiemelie@gmail.com 🌐 ekezie-chiemelie.vercel.app

💼 linkedin.com/in/chiemelie-ekezie-21b029254

EXECUTIVE PROFILE

Versatile, systems-focused Software Engineer and UX Specialist with extensive experience architecting high-performance web applications, designing intuitive visual systems, and administering enterprise IT infrastructure. Proven track record in converting complex design systems and wireframes into pixel-perfect responsive interfaces, while engineering resilient backend microservices, secure database architectures, and RESTful APIs across SaaS, FinTech, and corporate environments.

CORE COMPETENCY MATRIX

FRONTEND & UI DESIGN ARCHITECTURE

React / Next.js 15 | TypeScript | Tailwind CSS | Redux / State | Figma Design | UI/UX Layouts | Micro-animations

BACKEND & CLOUD INFRASTRUCTURE

Node.js / Express | Python / Flask | PostgreSQL / Prisma | Redis & pgvector | AWS (EC2, S3, IAM) | Docker Compose

ENTERPRISE IT & SECURITY OPERATIONS

Odoo ERP | PHP POS Systems | AES-256 Encryption | Network Admin | Access Security

GRAPHIC DESIGN & DIGITAL CONTENT

Adobe Photoshop | Brand Identity | Design Systems | Vector Graphics | WordPress / Web

PROFESSIONAL EXPERIENCE

IT Analyst & Systems Specialist April 2026 – Present

Bakan Gizo Pharmacy & Stores Ltd | Abuja, Nigeria

- Administer corporate network infrastructure, ERP instances, and central database assets across multiple branch networks.
- Oversee Odoo ERP integration, PHP Point-of-Sale (POS) systems, user permissions, and technical staff documentation.
- Develop internal web portals to automate cross-departmental issue tracking and system provisioning.

PROFESSIONAL EXPERIENCE (CONTINUED)

Frontend Developer Intern
April 2026 – October 2026

Zorvyn FinTech Pvt. Ltd. | Remote

- Converted high-fidelity Figma UI/UX designs into production React components for financial dashboard modules.
- Refactored legacy web components to elevate mobile layout responsiveness and optimize Core Web Vitals metrics.
- Engineered real-time state management workflows and integrated modular API endpoints.

Web Designer & Frontend Developer
March 2024 – August 2024

Chuga Rex Limited | Lagos, Nigeria

- Designed complete website mockups in Figma, converting assets into HTML5/CSS3/JS templates and interactive components.
- Managed enterprise WordPress environments, optimizing web security, page speed, and visual brand consistency.

Freelance Full-Stack Developer & Design Consultant
May 2022 – Present

Independent Practice

- Architect custom full-stack solutions, branding systems, and e-commerce applications for diverse corporate clients.
- Deploy scalable Next.js applications backed by cloud PostgreSQL databases, Auth microservices, and payment gateways.
